

Progress

We here at Hamiota Collegiate, Cody Pope, Damon Bunn and William Norrie are working on a take action plan that aims to help Hamiota. Our take action plan project was meant to raise awareness of our towns issues and write letters to our premier Brian Pallister with the hope of getting some form of support from our government. We really just want a response. It would show us that at least they are listening.

With our project we had to conduct some research and what we thought was if this project was to help the people, why not ask the people of Hamiota? With that we created surveys for the town. We started with our school by asking the students, then the teachers. We did that because we needed a guide and with different perspectives that would help us with our main survey for the town. These are the results of our Town wide survey, we would like to thank all who took the time to answer. we appreciate all the thought that went in to the surveys.

The best suggestions for business

1. Chicken Chef Franchise
2. Pizza Place
3. Dollar Store
4. Veterinarian business
5. Lumber yard
6. Bargain shop
7. Dealership

The best issues

1. Completion of highway 21
2. Road restrictions for RM roads
3. Commit money to medical education in exchange for an employment commitment for a period of time
4. Signs to eliminate heavy loads on residential streets
5. Senior assisted living accommodation
6. Apartments with more rooms
7. Better reporting of municipal minutes
