The **Hamiota Municipality** is excited to announce that **Jennifer Andrew** has started as the new Recreation Coordinator for the Hamiota Municipality. We are looking forward to working with Jennifer and watching her succeed in this role. Please help us in welcoming her to our team.

Hi everyone,  
I am so excited for the opportunity to start in the Hamiota Recreation position this month.

For those of you who don't know me: I am Jennifer Andrew. I grew up in Hamiota and after completing my massage therapy program I returned back to this community to raise my family. I am a mom of three awesome kids, a business owner and an active member of several organizations both locally and internationally and I am so grateful to be setting off into a new mini adventure with this position.

I love this community and all the opportunities it provided me growing up and all the amenities and opportunities it has for my children currently and I am so excited to work to add more value to an already great place to live.

I am passionate about Wellness as a whole- mind, body and soul and am excited to be able to add some of my areas of experience to my new role in the community.

I look forward to supporting existing programs, and am so excited to work to establish new initiatives and partnerships to enhance and highlight the cool opportunities we have living in rural communities.

I will look to set up some regular office hours in the fall so I am excited for people to pop in and go over anything at all whether it be concerns, ideas or just to have a great chat. In the meantime, I will be available by email or phone - and will do my best to return calls as soon as possible.

I am excited to be supported by Steph, Cindy and the gang to get up to speed as soon as possible and I am so lucky to get to step into this role when there are two amazing assistants overseeing both the Hamiota Aquatic Centre and the Recreation portion for the Day Camps and community activities. I look so forward to collaboratively working with this crew to make Hamiota and area an even more exciting place to be a part of.

## SYDNEY MURRAY

### Hamiota

In the youth sports community in Hamiota, few volunteers are more recognized than Sydney Murray for her efforts in support of multiple minor sports. Her impact is not only felt locally, but regionally as her work has encompassed not only work with girls hockey in her hometown but has also served with the Souris Elks Under 18 team and the regional Yellowhead Under 13 prospects team. Around the baseball diamond she has been a mentor to the Hamiota Red Sox Under 15 girls team as well as the Westman Fury AA Softball team. Recognized by the youth and their parents for her patience, reliability, creativity and integrity Sydney is a strong contributor to sport tourism in the region.

## MID-WEST SHOW N' SHINE

### Hamiota

In 2013, the Mid-West Arts Council was looking to create an event that would best promote their season's photographic exhibit *Prairie Cruisin'* and identified that a show featuring actual classic cars outside the arts centre could generate the pull that they needed. The formula proved to be a great fit and the attraction has become an annual event (now held the evening before the Hamiota Fair), combining the popularity of classic car shows with an opportunity to elevate the profile of the arts centre and its programming. The event has grown every year in attendance over the past decade; with 2022 being no exception. The Show 'n Shine features vehicles, music, outdoor entertainment, a variety of great food, art exhibits and so much more! What started off as a local event has now grown into a regional event, with many outside attendees coming to enjoy the day's festivities. In addition to boost to the local economy and increase of patrons through the Arts Centre door, the event has also helped to re-energize a sense of community among the volunteers, merchants and citizens that greet returning and new visitors to the event each year.

### *A moment for families with Pastor Orland*

James 1:18 "He chose to give us birth through the word of truth."

The Bible has often been compared to a seed. Once it takes root in your heart, it begins to grow and bear fruit. It produces in you character that is more like Jesus and grows a heart with desires for things that God loves and approves of. The Bible does all kinds of good things for us. Without God's Word, we could never be saved and you wouldn't be headed for heaven. You wouldn't know about Jesus' death on the cross and you wouldn't know the purpose God has for you in life. And without the Bible, you wouldn't know God. You see it is not just a book of knowledge and facts, it is God's Word that has the power to make the impossible become reality in your life because it has supernatural power. That is the Word of God. God uses His Word to give you a fresh start in life. But it's not just any fresh start—it's a total transformation! He wants to transform your life so that you can become the person he created you to be and live a fulfilling life. Jesus said this about his Word: "The words I have spoken to you—they are full of the Spirit and life" (John 6:63 NIV). God's Word isn't just words on a page. It's spirit and life.

It's spiritual power. His Word can transform society and history. It can do the impossible. It can change your life! The Bible says the Word of God can change things that you cannot change on your own. Make the study of God's Word a regular part of your life, and get ready for what seems like the impossible to become reality!

Till Next month, Pastor Orland
